Wait, that's too "Next to Nor-mal" May-be start with some-thing
choral?

Shit, no that's Sondheim. Maybe "lights up" on a mime? No that's stupid.

How about soft piano over top. Then sweet cellos, wait,
stop. that's fucking Jason Robert Brown. I can't write it down? I didn't realize it'd be so hard not to plagiarize.

I need to clear my head.
