I wish that I could make them see they
don't have anything to fear,
but I've decided that

year?

It's my firt year in high school, and I don't know what to do. It's all so much...
"I'm used to."

"I think I might go hide in the bathroom."
A new set of walls but the
same old bull shit. Year two of them just wasting my time.

[Music notation with instrument indications and dynamics]
They call this high school but I'd rather be high. God, I want off of the ride.
