Am I going anywhere

Probably not I'm a

worthless brat I dropped like that

So Why give school another shot
I mean I need a job. Or at least something to do.

My fam'ly thinks I'm lazy regardless. So why should I follow through. Why both er being.

It's my senior year I'm finally here with a decent portfolio. I'm prepared for every thing. I always try to impress.
When pe'ople mock I just block I don't have time for stress

Why bother Say-ing that "there's no point" when the point's in front of me Why bother Sit-ting out in a rut when No-thing in life comes free Ev'ry
I have given to science
And I'll be damned if I don't fight
I'm not a jerk
I just like work
Even if I'm a bit up-tight
Filled with more sugar than
Sip the coffee
I can comprehend
I look forward
